

Report on Khet Bachao Abhiyan & mgmg Programme Conducted at Anajanadoddi, VG doddi and Kadur in Ramanagara district on 24 June 2026

MGMG and Khet bachao abhiyan was conducted on 24th June 2026 at three villages such as Anajanadoddi, VG doddi and Kadur in Ramanagara district by ICAR–National Bureau of Agricultural Insect Resources (NBAIR) in collaboration with KVK, Magadi (UAS Bengaluru). A total of 106 farmers were actively participated from three villages. Scientists of ICAR-NBAIR (Dr. Sunil Joshi) highlighted the importance of balanced fertilizer use for maintaining soil fertility and achieving sustainable crop yields. In addition, benefits of bio-fertilizers such as Trichoderma, vermicompost, and farmyard manure was also discussed. Dr. Madhu T N explained the role of biopesticides for management of insect pests, application of green manures and crop rotation, particularly the inclusion of pulses to enhance soil nitrogen levels. The programme concluded with an interactive discussion and farmers expressed appreciation for the valuable insights provided.
